YOUNG RUGBY IN PRAGUE

In August 2002 Prague was subject a great floods and unfortunately the original Slavia Prague Rugby ground in Troja Prague 7, was completely destroyed by this, as it was situated next to the River Vltava which burst its banks.

Easter 2002 we held the 34th Slavia Cup at Troja, a tournament for under17s and ten years later we would like to recommence with the tournament Easter 2012 and we would like to invite your club to participate in the 17s tournament

As a club we led a nomadic existence for a number of years after and thanks to the other Rugby Clubs in Prague hosting Slavia we survived and probably we grew stronger in adversity.

With much help and lots of hard work from a committed group of people, to day ten years later we have a completely new stadium as part of the Slavia Prague Sports complex in Prague 10.

Last year as a club we were Champions of the Czech Republic once again and lost narrowly in this years grand final

Slavia Prague Rugby Club is looking forward to hosting the tournament and meeting many old and new friends once again

The deadline for entry will be end of the year
